Dear Peter

Hounslow Planning Guide 2017

Thank you very much with all your help in producing the Hounslow Planning Guide. I received my first copies this week and am really pleased with them. The presentation of the text is exactly how we wanted it, and this will be a really useful guide to applicants, residents associations, and especially ward councillors, who can use this as a reference guide when they speak with residents in their surgeries.

I am especially pleased to see that all the adverts are genuinely local businesses. I didn't realise that we had such a variety of local tradesmen in the area.

So as well as being promotional material for the council, information for the public and developers, it will assist in promotion of small businesses in the area.

I would certainly recommend that other local authorities embrace having a Planning Guide for their areas

Yours sincerely,

Marilyn Smith
Head of Development Management
